

CImg.display.cpp

```
graph TD; A[CImg.display.cpp] --> B[CImg.h]; A --> C[iostream];
```

A diagram illustrating the dependencies of the CImg.display.cpp file. At the top, a gray rectangular box contains the text 'CImg.display.cpp'. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The left box contains the text 'CImg.h' and the right box contains the text 'iostream'. This visualizes that the CImg.display.cpp file depends on both the CImg.h header file and the iostream library.

CImg.h
